

Spiritual Twist Digest October 2018

DEAR STP FAMILY,

Our year is off to a great start, and the building is buzzing with excited students and leadership who are looking forward to serving the Lord this season! We have had devotions on trying new things, our calling to serve one another in love like Jesus, and how God is developing our character through Bible study and the Holy Spirit working in our lives. Your children have graciously received God's word each week and have listened attentively. I love seeing their smiling faces. What a privilege it is to lead our ministry!

Rick and Katie, two kids from very different backgrounds, leave their families behind in search of their dreams. Things go from great to bad to worse amidst the backdrop of 1980's rock and roll. Come see God's story of rebellion, redemption, pride and unconditional love told in a new way!
