For office use only: Rec'd _____ Time _____ By _____

Movement Mania – We are fearfully and wonderfully made, and God created us to move! This week we'll learn more about ourselves while dancing, doing fun experiments, and even building models to help gain an understanding of how the human body works! We will explore a new genre of dance each day, so there will be lots of opportunities to wiggle, waltz, and tap your way to fun!

Esther-Ordinary Faith - Students will have an unforgettable experience as they enjoy a full drama production with acting, music and choreography. If you enjoy performing, you will love drama camp! Songs like "God Is in Control" and "In That Moment," will help children understand the sovereignty of God and the confidence we can have in Him no matter the circumstance! Plan now to attend our Friday evening performance!

Creation Exploration – If you enjoy science and exploring the natural world around you then Creation Exploration is the perfect week for you! We'll explore the six days of creation through music & movement, games, experiments, and crafts. Let's adventure together and discover the wonders of God's creation!

Art for Everyone – Creativity abounds this week as we explore and create different types of art together! Each day, we will learn about a famous artist and study their craft and will work to create on our own masterpiece! Together we'll complete fun art projects including sculpture, ceramics, painting, and crafts. We will close the week with an art show for family and friends to celebrate your camper's time, effort, and creativity!

We Can Be Storytellers – This week, we'll learn all about what goes into telling a great story! We will use parables of the Bible as templates and talk about how Jesus used stories to communicate big messages with simplicity. Activities will focus on writing, art, cinematography, photography, dance, and there will be games galore. Come ready to use all your gifts to tell stories and have loads of fun!

Around the World in 80 Days – Would you like to learn more about the world around you? This week at camp you'll explore different countries and their cultures through traditional games, dance and music. We will make ethnic food together, learn a little geography, and even meet a missionary. Adventure awaits, so join us for a trip around the world!

Fish Tales – Grab your rod and reel and meet us onstage at STP for a second drama production camp. It's time for a fishing tournament complete with stories, songs and movement! Our Fish Tales are stories that are "supernatural, completely factual and actually occurred." Why? Because these Fish Tales come from God's Word! Plan now to attend our Friday evening performance!
